Subject: Back to school Monday January 11, 2021

Dear parents and Guardians,

The Government of Ontario today announced that students in northern Ontario would return to school in person.

As of Monday, January 11, 2021, all CSCDGR schools will open their doors and welcome students from elementary and secondary schools.

Rest assured that we will review and continue to implement all health and safety measures with your child. We are very committed to keeping your children safe and sound in a caring and safe environment to promote their learning and well-being.

We understand that information can change very quickly. We will keep you informed via emails of any new information.

God bless us all!

Sylvie Petroski  
Director of Education
