January 8, 2021

Dear parents or guardians,

Subject: Back to school Monday January 11, 2021

As we return to school, we would like to share with you our intentions to resume with staff and students all health and safety measures that reduce the spread of the COVID-19 virus.

These measures serve as important reminders to ensure the health and safety of students, their families and staff. Also note that all our health and safety measures have been approved by the public health units.

- Staff and students self-test for COVID-19 daily before entering the premises:
<https://covid-19.ontario.ca/school-screening/>.
- Wearing a mask is mandatory for all students traveling by bus.
- Wearing a mask is mandatory for all staff and for all students, Grades 4 to 12 and strongly encouraged for students from Kindergarten to Grade 3.
- Here is the series of instructions that we will review with your children – Website [Parents, partenaires](#)

Furthermore, to avoid having to start the process of distributing technological tools again, if the situation should change, your child can keep the loaned tablet or laptop and bring it from home to school to use it in the classroom.

Last reminder, if your child is currently in isolation or has been in direct contact with someone positive for COVID-19, please keep your child at home until the end of the period of isolation as recommended by the health unit.

Like you, the health, safety and well-being of our communities remain our collective priority.

Sylvie Petroski
Director of Education
